

Language camp ENGLISH 4 YOU 2017

Learning English – investing in your future. Our language programs at SUMMER TIME CAMPS have been attracting the attention of children and parents for over 20 years. We offer something for everybody as **our programs cater to all ages and skill levels** across a range of different formats. The language camp ENGLISH 4 YOU is in demand due to its intensive educational program in an **unforgettable summer holiday environment**. Knowledge of the **English language is becoming an invaluable skill** for fully participating in today's developed society, so it comes as no surprise that the ENGLISH 4 YOU program is becoming more and more popular. The SUMMER TIME and EURO CAMP resorts **will welcome participants for the 16th time** this summer. The program is designed for children who have at least some basic knowledge of English, so it will be a great addition to help them improve their language skills. The most effective way to learn any language is through **intensive interaction with native speakers**. With this in mind, please accept our invitation to join the ENGLISH 4 YOU 2017 **language camp**, which is held in a beautiful South Bohemian environment.

The camp program. The core of the educational program consists of 3 morning and 2 afternoon lessons in which an English teacher (**native speaker**) **actively works with the children** in classrooms or in our beautiful outdoor areas. The program focuses mainly on improving the **children's conversational skills**, their active perception of the language and pronunciation. The goal is not just to understand a foreign language, but also to be able to **spontaneously react and speak**. Grammar is practised in a fun way that complements the main aim of the course. In addition to the lessons, the children enjoy time with their teachers **throughout the whole day**, participating in fun activities such as sports, games, competitions, swimming, boating, trips, camp fires, discos and parties, so they are **speaking English** all day long. Children, thanks to their age, are surprisingly fast learners and are naturally able to **grasp foreign languages**, including new expressions and pronunciation, so **direct contact** with native English speakers allows them to **absorb new language skills quickly**. The conclusion of the course is celebrated with an afternoon of wonderful entertainment, where each class presents a performance (fairytales, sketches, anecdotes, songs – **everything in English**). A sightseeing trip around the beautiful sights of South Bohemia has a **special charm**; the children are **guided in English** and participate in fun and games throughout the afternoon.

Professional and skilled approach. For many years we have been cooperating with well-established language agencies, which guarantees that **our teachers are of high quality**. Not only can they teach well, but they are also able to establish a good and responsible relationship with the children. The English speaking leaders come from **England, the USA, Canada or Australia**. All of them are **professionally qualified** to work with children. We have a minimum requirement that they have attended an **International TEFL Certificate Training Program** that prepares native speakers for teaching both children and adult students. Our teachers have been educated at a number of prestigious international schools or are **certified to teach children** by reputable language agencies: **TEFL Worldwide Prague** (www.teflworldwideprague.com), **ITC - International** (www.itc-international.eu) and **Oxford House** (www.oxfordhouse.cz). There is always a well experienced **Czech assistant** working together with the English teacher.

Spectacular location. The environment in which the ENGLISH 4 YOU camps are held will **surprise you with its picturesque beauty**. Our location has been used for summer camps since the beginning of the 20th century. For several years now, we have been using not only the SUMMER TIME resort but also the EURO CAMP resort. These two resorts lie next to each other and **provide excellent conditions** for organising our programs for children. They are fully comparable in terms of their location and also their equipment. Besides the classrooms, which are well suited for English lessons, the resorts offer **several grounds** for volleyball and football, ping-pong and other facilities for many **various sports and activities**. Not all summer camps can boast the fact that they lie in the **heart of a South Bohemian forest** near a calm and romantic river like the Lužnice. The resorts are situated on two meadows in a **private location** in the middle of the forest. Here, not far from the village of Stádlec, a famous chain bridge is located, and we frequently use its surroundings for swimming. **Safety is always paramount** – in the water, while boating, during games in the forest and of course in the lessons.

The A1 term of the program will be held at the **EURO CAMP resort** and the next six terms at the **SUMMER TIME resort**. In the picture, on the left side you can see the SUMMER TIME resort, about which you can find more information on the SUMMER TIME camp main website (www.detskytabor.cz). On the right side of the picture you can see the EURO CAMP resort, which is described primarily in more detail on the EURO CAMP website (www.euro-camp.eu). A **list of the programs** that we organise for children can be found at www.syka.cz.

Responsibility and safety. During all of our activities, the children are taken care of and **looked after at all times**; this is one of the reasons why our staff is carefully selected, not only the teachers, but also our other staff from the assistants to the cooking team and the nurse. Our cooks are **professionals in catering** for children, and they prepare a **varied menu** for our students: two hot meals a day, breakfast, snacks, fruit, vegetables and drinks. In the SUMMER TIME resort **accommodation is provided in cabins** that consist of two rooms with four or six beds, a hall and a terrace. In the EURO CAMP resort there are four-bed cabins – ideal for a group of friends. Modern sanitary facilities are equipped with **hot showers**, washrooms and toilets. Our activities as well as the travel agency are **insured** by Vienna Insurance Group. Many of the SUMMER TIME CAMPS participants have been spending their holiday **with us for several seasons**. It is not unusual for some children to choose to spend more time with us and to participate in more than one program during the summer – **proof of the popularity** of our excellent camps and courses.

Age, terms and price. The camp is designed for **children between the ages of 7 and 17**, who have at least a basic knowledge of the English language. The program is adjusted for more advanced English speakers as well. The children are divided into groups according to their skill level, but their age is always taken into consideration. This year our course is **offered across seven terms**. Terms B1-B6 can be connected for a **two-week stay**.
