

Summer language camp

ENGLISH 4 YOU 2017 at MONÍNEC

Learning English – investing in your future. Our language programs at SUMMER TIME CAMPS have been attracting the attention of children and parents for over 20 years. The language camp ENGLISH 4 YOU is in demand due to its intensive educational program in an **unforgettable summer holiday environment**. Knowledge of the **English language is becoming an invaluable skill** for fully participating in today's developed society, so it comes as no surprise that the ENGLISH 4 YOU program is becoming more and more popular and **will welcome its participants for the 16th time** this summer. The program is designed for children who have at least some basic knowledge of English, so it will be a great addition to help them improve their language skills. The most effective way to learn any language is through **intensive interaction with native speakers**. With this in mind, please accept our invitation to join the ENGLISH 4 YOU 2017, which is held in a beautiful Bohemian environment at Leisure Resort MONÍNEC.

The camp program. The core of the educational program consists of 3 morning and 2 afternoon lessons in which an English teacher (**native speaker**) **actively works with the children** in classrooms or in our beautiful outdoor areas. The program focuses on improving the **children's conversational skills**, their active perception of the language and pronunciation. The goal is not just to understand a foreign language, but also to be able to **spontaneously react and speak**. Grammar is practised in a fun way that complements the main aim of the course. In addition to the lessons, the children enjoy time with their teachers **throughout the whole day**, participating in fun activities such as sports, games, competitions, swimming, trips, camp fires, discos and parties, so they are **speaking English** all day long. Children, thanks to their age, are surprisingly fast learners and are naturally able to **grasp foreign languages**, including new expressions and pronunciation, so direct contact with native speakers allows them to **absorb new language skills quickly**. The conclusion of the course is celebrated with an afternoon of wonderful entertainment, where each class presents a performance (fairytales, sketches, anecdotes, songs – **everything in English**). A sightseeing trip around the beautiful sights of South Bohemia has a **special charm**; the children are **guided in English** and participate in fun and games throughout the afternoon.

Professional and skilled approach. For many years we have been cooperating with well-established language agencies, which guarantees that **our teachers are of high quality**. The English speaking leaders come from **England, the USA, Canada or Australia**. All of them are **professionally qualified** to work with children. We have a minimum requirement that they have

attended an **International TEFL Certificate Training Program** that prepares native speakers for teaching both children and adult students. Our teachers have been educated at a number of prestigious international schools or are certified to teach children by reputable language agencies: **TEFL Worldwide Prague** (www.teflworldwideprague.com), **ITC - International** (www.itc-international.eu) and **Oxford House** (www.oxfordhouse.cz). There is always a **Czech assistant** working together with the English teacher.

Spectacular location. The environment in which the ENGLISH 4 YOU courses are held **will surprise** you with its comfort and **unique environment** which goes hand in hand with **luxurious accommodation** and beautiful nature. The modern sports area stands out because of its location and **professional services**. It is located on Maple Rock approximately 80 km **south of Prague** on the border of Central and Southern Bohemia near the town Sedlec-Prčice. The picturesque area around the resort carries a name from the 19th century – **Czech Meran**, and it is strikingly similar to the landscape around the Italian town of Merano, making it ideal for different types of trips. Whoever wants can also visit the local **tree top adventure park** and obstacle course. **Other attractions** in the area include tubing, discgolf, off road scooters, grass skiing, mountainboarding and archery. We can enrich the afternoon through **nature trails** or we can let ourselves be enchanted by the view of **Jetřichovice castle** with its significant octagonal tower. Hot **summer days** will be made more pleasant by **swimming** in the natural Pilský Lake, which is only a three-minute walk from our accommodation. The lake area also offers such facilities as volleyball courts, a kiosk with refreshments, a sunbathing lawn and a jetty.

Luxurious hotel facilities. Leisure Resort MONÍNEC (www.moninec.cz/en) offers everything that is necessary for the ENGLISH 4 YOU program including **comfort and luxury**, especially regarding accommodation in **cosy apartments** with living rooms, bedrooms and private bathrooms, Wi-Fi **internet access**, there are classrooms, a beautiful **outdoor area** with a tennis court, indoor and outdoor **swimming pools**, a natural lake with a beach, a trampoline, ping-pong, outdoor seating areas and many more **attractions**. The apartment bedrooms sleep two to four people. The **alpine style restaurant**, reserved only for us, prepares a **varied menu**: two hot meals per day, breakfast, snacks, fruit, vegetables and drinks.

Responsibility and safety. During all of our activities, the children are taken care of and **looked after at all times**; this is one of the reasons why our staff is carefully selected, not only the teachers, but also our other pedagogical staff. The children are **never left unattended**. Our cooperation with the Leisure Resort MONÍNEC is based on continuous **careful verification** of their services. Our activities as well as the travel agency are **insured** by Vienna Insurance Group. Many of the SUMMER TIME CAMPS participants have been spending their holiday with us for several seasons. It is not unusual for some children to participate in more than one program during the summer, **proof of the popularity** of our excellent camps and courses. A **list of the programs** that we organise for children can be found at www.syka.cz.

Age, terms and price. The camp ENGLISH 4 YOU at MONÍNEC is suitable for **children between the ages of 12 and 17**. At these ages, we expect a higher level of English, and the content of the course is adapted accordingly so that we can focus on providing an **intensive individual approach**. The language course at MONÍNEC is suitable even for the **most demanding clients**. ENGLISH 4 YOU at Leisure Resort MONÍNEC will be held over **three one-week terms** this year. Terms can be connected for a **two-week stay**.
